February 26, 2016

Dear Neighbor,

The West Penn Power Sustainable Energy Fund (WPPSEF) recently awarded a grant to the Vandergrift Improvement Program (VIP) to aid in starting an energy savings and awareness program in Vandergrift. Part of the grant was used to replace the lights in the Columbia Avenue Parking Lot with new LED lighting. The VIP will assist Vandergrift in tracking and measuring energy and related financial savings and estimated environmental benefits related to the switch to LED lighting. The plan is, to use the savings realized, to purchase more LED lights for the town resulting in more savings, for more lights and so on and so on.

The other part of the grant is for education and outreach. We have two Energy Awareness and Savings educational workshops scheduled that are free and open to the public. The one-hour workshops will be conducted by Pittsburgh-based energy consultant Mr. Barton Kirk, Ecological Engineer, at Ethos Collaborative. You are invited to attend either or both workshops. Please RSVP via email to [vip15690@comcast.net](mailto:vip15690@comcast.net) or call the VIP office at 724-567-5286 (please leave a message) to reserve your space. Seating is not limited but, we do need a head count so that we have enough information packets for everyone. Below are the dates, times, location and brief description of the workshops.

**Workshop 1: Energy savings for Businesses & Organizations,**

**Tuesday, March 29<sup>th</sup>, 6:30pm-7:30pm, at the George G. McMurtry Fire Department, 278 Franklin Ave., Vandergrift.** A one hour workshop on the most cost effective ways to reduce the impact of energy use in the workplace. We'll step you through a proven process of easy energy management so that you can make smart decisions about energy suppliers, equipment upgrades, facility improvements and daily operations. And we'll connect you with the best tools, local resources and incentives to save on energy while delivering more value to your company, customers and community.

**Workshop 2: Energy Savings for Homeowners and Renters**

**Tuesday, April 26<sup>th</sup>, 6:30pm-7:30pm, at the George G. McMurtry Fire Department, 278 Franklin Ave., Vandergrift.** A one hour workshop on the most cost effective ways to reduce the impact of energy use on our household budgets and improve our region's energy security. We'll start by understanding where typical households in the region spend the most on energy. Then we'll look at the practical energy solutions that offer the most opportunity for short term and long term savings. We'll show you how to make the most informed choice of electric power supplier and discuss options for generating your own renewable energy. Lastly we'll connect you with the best tools, local resources and incentives for saving on energy at home.

Hope to hear from you soon!

Re: Fiscal Year 2016 Westmoreland County  
Community Development Block Grant (CDBG) Program

Dear Municipal Officials:

This letter is to advise you that Vandergrift Borough has been selected to be included in Westmoreland County's 2016 CDBG Program. Pending approval by the Westmoreland County Commissioners and the U.S. Department of Housing and Urban Development (HUD), the following project will be funded as follows:

Activity:	Street Reconstruction: 12 streets throughout the Borough that deteriorated as a result of a sewer separation project
Amount Funded:	\$366,000.00

Please note that it should not be assumed that additional CDBG funds will be provided if the *Amount Funded* is exceeded during the bid process or in construction. You are requested to make every effort to keep project costs within the amount funded. It is recommended to include alternates in the bid proposal as a means of controlling costs. It should be noted that any project revisions that would affect the project's beneficiaries, could affect the project's overall eligibility. **You and / or your engineer are required to contact this office for approval at every step in the process to ensure compliance with the federal requirements attached to the CDBG funding.** This includes (prior to advertising) submission of a request for federal prevailing wage rates, a copy of the bid advertisement, plans and specifications (in a compact disc format); bid tabulation, contracts, bonds, etc. Failure to do so could jeopardize the project's eligibility.

Your project is part of the 2016 Consolidated Plan which will be approved and authorized by the Westmoreland County Commissioners on March 10, 2016; it will then be submitted to HUD. HUD approval will not be finalized until late May or June 2016. Do not execute a CDBG-funded construction contract or authorize a material purchase prior to notification by this office. Please note that the possibility exists that funding for this project may be reduced or eliminated completely based on HUD's final grant amount to Westmoreland County. However, you may consider this letter as a "letter of no prejudice" whereby you may begin preliminary work, such as the engineering design required to initiate the bidding process. None of the preliminary costs are

covered by the CDBG grant. Contact me at 724.830.3650 ([fgetto@co.westmoreland.pa.us](mailto:fgetto@co.westmoreland.pa.us)) or Terry Antonacci at 724.830.3651 ([tantonac@co.westmoreland.pa.us](mailto:tantonac@co.westmoreland.pa.us)) before any engineering or design work is initiated.

Please confirm your acceptance of this grant offer by signing a copy of this letter and returning both pages to my attention at 40 N. Pennsylvania Avenue, Fifth Floor, Suite 520 Greensburg, PA 15601-2341 by Friday March 1, 2016. When HUD issues a grant agreement to Westmoreland County, a subrecipient agreement will be approved by the Commissioners and forwarded to you for signature. Should you have any questions, do not hesitate to contact this office.

Vandergrift Borough Council  
109 Grant Avenue  
Vandergrift, PA 15690

Ladies and Gentlemen:

I am happy to inform you that Vandergrift Fire Dept. No. 1 has been fortunate enough to be selected by FEMA and the Department of Homeland Security to be a recipient of one of their Assistance to Firefighters Program grants for fiscal year 2014-15. The grant will fund two new thermal imaging cameras.

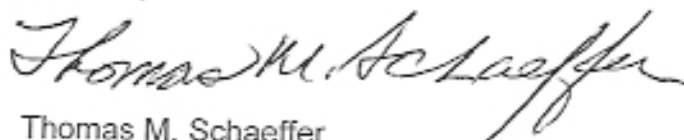

The total grant project amount is \$18,000, which is \$9,000 each for the two cameras. Thermal imaging cameras have become a standard tool in firefighting, hazmat, and rescue. They are highly effective in locating a fire and hot spots within a structure, locating a victim in a smoke-filled environment, and locating victims when searching outside.

We currently have two thermal imaging cameras that are approximately 13 years old. These two cameras were purchased when the technology was fairly new to the fire service. Since that time, the advances in technology have rendered these cameras obsolete, which was our reasoning for applying for the grant.

The Assistance to Firefighters Grant Program requires a local match. The match for our department, based on our demographics is 10 percent. That requires a \$1,636 match with the federal share being \$16,364. We are requesting the matching funds (\$1,636) from the equipment fund maintained by the borough for such purchases.

By using funds from the equipment fund to match or supplement grant monies, we feel that the borough is getting the most out of their funds committed to the fire departments. Thank you for your consideration of this request and for your continued support.

Sincerely,

Thomas M. Schaeffer  
Fire Chief

The Secretary stated that beginning April 1<sup>st</sup>, the Borough will begin making monthly payments of \$26,475.23 towards the \$8,231,335.00 PennVest loan regarding the Phase 2A & B sewer separation project. Said loan is for thirty (30) year period.

The Secretary stated that the total overage of the aforementioned project is \$246,585.76. He stated that \$154,900.00 has already been applied, leaving a balance of \$91,605.76.

A motion was made by Mr. Rametta, second Mrs. Chvala, to pay the remaining balance from the Sewer Recovery Fund. Motion carried with Mrs. Wilson abstaining.

A motion was made by Mr. Rametta, second by Mrs. Wilson, to accept the Secretary's Report. Motion carried.

#### COMMUNICATIONS & CORRESPONDENCE:

The Secretary presented the following correspondence to members of Council:

Exhibit 1-A: Mike Langer, owner of property located at 310 Franklin Avenue.

Subject: Request to acquire the paper ally that runs from Madison Ave. to 20<sup>th</sup> Street.

Solicitor Loperfito recommended that no action be taken on this until such time as he has had an opportunity to study this matter.

Exhibit 2-A: Dan O'Neil, Kiski Area Athletic Director.

Subject: Request to use Project 70 baseball field for our Boys Junior High Baseball team. An attached game schedule was included.

Following a discussion of why a lease is important regarding the use of Borough facilities by the Solicitor, a motion was made by Mr. Rametta, second by Mr. Carricato, to approve the aforementioned request. Motion carried.

A motion was made by Mr. Carricato, second by Mr. Rametta, to pay all stated and approved bills. Motion carried.

Dear Mayor and Council:

I am the current owner of the home located at 310 Franklin Ave., however, my daughter and son in law currently live there. They moved to Vandergrift when they got married approximately two years ago and both are currently employed by Leading Technologies. They are very happy in Vandergrift and have raved about the virtues of the Borough. As a result, they have long term plans to remain at 310 Franklin Ave.

However, there is a bit of a parking problem. Therefore, I would like to acquire the "paper ally" that runs from the alley behind them to Madison Ave. thus alleviating much of their issue.

Please know the property is not currently a rental nor do we have any intention of making it one. Conversely, this is an attempt to create an opportunity for long term residency.

Thank you for your consideration in this matter.

He stated that he does not believe the offer of \$25,000 is unreasonable.

Solicitor Loperfito stated that there are three steps that need to be addressed. He stated that Council must announce the buyer of the property and acceptance of proposal as the required public announcement; allow a 30 day elapse period prior to the sale of property; and to adopt a resolution at the April meeting to allow the execution of the sale agreement.

A motion was made by Mr. Rametta, second by Mr. Moliterno, to propose the sale of the former Senior Citizen Building located at 306 Spruce Street, subject to the terms of the agreement of sale of said property. Motion carried.
